GODIN GUITARS I  
6-, 12-STRING SEAGULL

## Fly Like a Seagull

Inspired by models made for James Blunt, Godin's new Seagull Artist Burst guitars are available in 6- and 12-string models, the latter a first for the Artist series. A high-gloss, custom polished burst finish on the body and bound headstock let the top breathe and vibrate freely. [godinguitars.com](http://godinguitars.com)
